RRSA

Article 24 – Every child has the right to the best possible health. Governments must provide good quality health care, clean water, nutritious food and a clean environment and education on health and well-being so that children can stay healthy. Richer countries must help poorer countries achieve this.
Article 31 – Every child has the right to relax, play and take part in a wide range of cultural and artistic activities.
Article 17 – Every child has the right to reliable information from a variety of sources, and governments should encourage the media to provide information that children can understand. Governments must help protect children from materials that could harm them.
